**NETAPHOR SOFTWARE, INC. ANNOUNCES RECORD QUARTERLY REVENUE  
AND PROFIT GROWTH**

**Irvine, Calif. (August 29th, 2008)** — [Netaphor](http://www.netaphor.com) Software, Inc. ([www.netaphor.com](http://www.netaphor.com)), a provider of printer management software, today announced strong financial results for the quarter ending June 30, 2008. With record year-over-year quarterly revenue and profit growth, Netaphor extended its leadership in the printer asset management industry with mid-sized and enterprise customers.

Netaphor continued to experience strong demand for its SiteAudit print management tool in both the North American and EMEA regions. The company added more than 15 new enterprise clients to its roster during the quarter, including Lantmännen, a global food and energy company. SiteAudit sales increased more than 300 percent quarter over quarter, as Netaphor doubled its number of SiteAudit customer deployments. In addition, the company added three new IT channel partners in Ireland, England and Mexico, and one new print vendor as a channel partner in the U.S.

"Netaphor continues to enjoy robust customer demand as organizations seek to optimize their printer fleet placement, reduce print costs and improve service management," said Rakesh Mahajan, CEO of Netaphor. "We look forward to building on our momentum in the marketplace and continuing our rapid growth throughout 2008."

**About Netaphor**

Founded in 1997 and headquartered in Irvine, Calif., Netaphor Software, Inc. develops and sells asset management tools that help companies control printer costs. The company's flagship product, SiteAudit, is the industry's first software suite to identify, reduce and manage printer costs, saving organizations up to 30 percent during the printer asset lifecycle. SiteAudit customers include organizations in the pharmaceutical, industrial, technology and education industries including Northrop Grumman, USS-POSCO and Invensys PLC.
